## Introduction

This report contains summary information about the condition and outcomes of the Extended Employment (EE) program resulting from data submitted by community rehabilitation providers (CRPs) and the application of the *Extended Employment Program Compliance Examination Standards* for the period July 1, 2012 through June 30, 2013.

The Department sought input to the audit standards from EE providers and the Audit Standards Workgroup, an ad hoc committee of executive and financial directors, independent auditors and Department staff, designed to effect positive change through a quality improvement process. The draft standards were approved and posted to the EE website on May 29, 2013.

The objective of the independent auditor's examination procedures, applied to [management's assertion](#) about the entity's compliance with specific EE requirements, is to express an opinion about whether management's assertion is fairly stated in all material respects based on agreed upon criteria. The scope does not include the auditor's opinion on internal control over compliance.

Examinations are conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and include examining, on a test basis, evidence of compliance.

In an effort to reduce the cost of the compliance audits incurred by CRPs, respond to auditors' requests for direction, and ultimately to establish greater uniformity in the testing and reporting of compliance, suggested testing protocol was included in the published standards. However, auditors are expected to use professional judgment in determining whether the suggested procedures are sufficient to issue an opinion on compliance.

The funding unit of distribution of extended employment program funding is the payment for one work hour<sup>1</sup> performed by an eligible worker and reported to the extended employment program. Therefore, variances are reported as questioned work hours and may be disallowed by the Department, requiring the repayment of grant funds after a final contract adjustment process and due process appeal period.

Information and analysis within this report is limited to the data reported by CRPs receiving EE funds and should not be misconstrued as representing Minnesota's comprehensive ongoing employment support system.

Although some CRPs provide ongoing employment support services in excess of their EE performance-based contract requirements, there is no obligation to report, or uniformity in the reporting of unfunded services to the State.

---

<sup>1</sup> Minnesota Rules, 3300.2005, Subpart 37. Work hours means hours for which a worker performs paid work, including hours of paid holidays, paid sick, paid vacation, and other paid leave. A work hour is the basic funding unit for allocating extended employment program funds.

## **Program Purpose**

The mission of extended employment is to provide the ongoing employment support services necessary to maintain and advance the employment of persons with a most severe disability. Employment shall encompass the broad range of employment choices available to all persons and promote an individual's self-sufficiency and financial independence. *Minn. Stat. 268A.15, subd. 2.*

## **Powers and Duties**

DEED is authorized by Minnesota Statute, Chapter 268A Vocational Rehabilitation, to administer the Extended Employment (EE) Program. The commissioner certifies rehabilitation facilities to offer extended employment programs, grants funds to the extended employment programs, and performs the duties specified in section 268A.15. *Minn. Stat. 268A.03.*

DEED administers the EE program through Vocational Rehabilitation Services (VRS), employs personnel to manage the program, and is empowered to accept and receive funds from non-state sources for the purpose of implementing this section. *Minn. Stat. 268A.15, subd. 1.*

The commissioner shall adopt rules on an individual's eligibility for the extended employment program, the certification of rehabilitation facilities, and the methods, criteria, and units of distribution for the allocation of state grant funds to certified rehabilitation facilities. In determining the allocation, the commissioner must consider the economic conditions of the community and the performance of rehabilitation facilities relative to their impact on the economic status of workers in the extended employment program. *Minn. Stat. 268A.15, subd. 3.*

The commission shall evaluate the extended employment program to determine whether the purpose of extended employment as defined in subdivision 2 is being achieved. The evaluation must include information for the preceding funding year derived from the independent compliance audits of extended employment service providers submitted to the department on or before October 31 of each year. The evaluation must include an assessment of whether workers in the extended employment program are satisfied with their employment. A written report of this evaluation must be prepared at least every two years and made available to the public. *Minn. Stat. 268A.15, subd. 4.*

Within available resources, the EE Program provides technical assistance to rehabilitation facilities. *Minn. Stat. 268A.15, subd. 5.*

The commissioner may provide innovation and expansion grants to rehabilitation facilities to encourage the development, demonstration, or dissemination of innovative business practices, training programs and service delivery methods.... *Minn. Stat. 268A.15, subd. 6.*

## **Administrative Rules**

The Department promulgated administrative rules for the EE Program, Minnesota Chapter 3300.2005 through 3300.2055, effective July 1, 1998.

## Program and Service Descriptions

**Center-based employment** (CBE) means employment which provides paid work on the premises of an extended employment provider and training services or other services necessary for employment on or off the premises of an extended employment provider<sup>2</sup> to persons who, because of the nature and severity of their disabilities, need intensive ongoing employment support services funded by the state unit in order to work. *Minn. R. 3300.2005, subpart 6.*

**Community employment** (CE) is paid work in the community requiring intensive ongoing employment support services that does not meet the definition of supported employment only because the worker is paid less than minimum wage or the employment does not meet the criteria of an integrated setting, or the worker is compensated at or above the minimum wage but below the customary wage paid by the employer for the same or similar work performed by individuals without a disability. *Minn. R. 3300.2005, subpart 10.*

**Competitive employment** means work in the competitive labor market that is performed on a full-time or part-time basis in an integrated setting; and for which an individual is compensated at or above the minimum wage, but not less than the customary wage and level of benefits paid by the employer for the same or similar work performed by individuals who are not disabled. *Minn. R. 3300.2005, subpart 9.*

**Extended employment** (EE) **program** means an employment program which provides the ongoing employment support services necessary to maintain and advance the employment of individuals with severe disabilities by providing work in center-based employment, community employment, or supported employment subprograms. *Minn. R. 3300.2005, subpart 15.*

**Integrated setting**, with respect to an employment outcome, means a setting typically found in the community in which an individual with the most severe disabilities interacts with nondisabled individuals, other than nondisabled individuals who are providing services to that individual, to the same extent that nondisabled individuals in comparable positions interact with other persons. *Minn. R. 3300.2005, subpart 25.*

**Ongoing employment support services** means any of the following services identified in the worker's extended employment support plan as related to a worker's limitations in functional areas and that are necessary to maintain and advance the worker's employment: (a) facilitation of natural supports at the work site; (b) rehabilitation technology, job redesign, or environmental adaptations; (c) disability awareness training for the worker, or the worker's employer, supervisor, or coworkers, and other services to increase the worker's inclusion at the worksite; (d) job skill training at the work site; (e) regular observation or supervision of the worker; (f) behavior management; (g) coordination of support services; (h) job-related safety training; (i) job-related self-advocacy skills training to advance employment; (j) training in independent living skills, such as: money management, grooming and personal care, social skills, orientation and mobility, using public transportation or driver's training; ... and (p) any other service that is similar to the services in items A to O, that is identified in the worker's extended employment support plan, and that is needed to maintain or advance the employment of a worker in the extended employment program. *Minn. R. 3300.2005, subp. 31.*

**Supported employment** (SE) means *competitive employment* in an *integrated setting* with ongoing employment support services for individuals with the most severe disabilities for whom competitive employment has not traditionally occurred or for whom competitive employment has been interrupted or intermittent as a result of a severe disability; and who, because of the nature and severity of their disabilities, need intensive ongoing employment support services from the designated state unit and extended services after transition in order to perform this work; or *transitional employment*<sup>3</sup> for individuals with the most severe disabilities due to mental illness. *Minn. R. 3300.2005, subpart 35.*

---

<sup>2</sup> Extended employment provider; Minn. R. 3300.2005, subp. 16.

<sup>3</sup> Transitional employment; Minn. R. 3300.2005, subp. 36.

## Cost-Benefit Considerations

### Legislative Appropriation

The EE program is funded by a State appropriation from the Workforce Development and General funds. Administration funded 2.84 full-time equivalents (FTEs) for direct program staffing and management, and .6 FTEs for general and administrative personnel providing support services to the program including clerical support, accounting and information technology.

SFY13	General Fund	WFD Fund	Total
Administration (3.44 FTEs)	\$ 379,000		\$ 379,000
Advocating Change Together	35,000		35,000
Wage Incentive	125,000		125,000
<b>Extended Employment</b>	<b>4,706,000</b>	<b>6,830,000</b>	<b>11,536,000</b>
Grants	\$ 4,866,000	\$ 6,830,000	\$11,696,000
Total Appropriation	\$ 5,245,000	\$ 6,830,000	\$12,075,000

### Measurable Outcomes

Nearly five thousand Minnesotans with a most severe disability were reported to have received the ongoing employment supports necessary to add nearly four million work hours to the state's productive capacity, earning nearly \$27 million in personal income. To compare these outcomes across Minnesota's network of service providers see pages 39-41.

SFY13 Outcomes	Total	<u>Supported Employment</u>	<u>Community Employment</u>	<u>Center-based Employment</u>
Workers <sup>4</sup>	4,984	2,529	2,206	2,496
Work hours	3,981,640	1,586,849	995,075	1,399,716
Wages paid	\$ 26,895,846	\$ 15,821,094	\$ 5,570,544	\$ 5,504,208
Average hourly wage	\$ 6.75	\$ 9.97	\$ 5.60	\$ 3.93
Average weekly hours	15.4	12.1	8.7	10.8

### Return on Investment

For each state dollar invested last year, program participants earned on average \$2.23, increasing financial independence and potentially reducing dependency on public support systems.

SFY	Appropriation	Workers	Cost per Worker	Wages	Income per Worker	=	ROI
2013	12,075,000	4,984	2,423	26,895,846	5,396	=	223%
2012	12,075,000	4,969	2,430	26,354,790	5,304	=	218%
2011	12,075,000	5,106	2,365	25,786,413	5,050	=	214%
2010	12,435,000	5,294	2,349	25,498,475	4,816	=	205%
2009	12,569,000	5,506	2,283	25,765,038	4,679	=	205%

<sup>4</sup> Subprogram counts are duplicative as workers may engage in multiple subprograms during the year.

## Minnesotans Served in Extended Employment

**Extended employment worker** means an *individual with a most severe disability*<sup>5</sup> resulting in serious limitations in three or more functional areas that affect employment, who requires and receives ongoing employment support services over an extended period of time to maintain and advance in employment, and who is reported to the department by the provider during the contract period. *Minn. R. 3300.2005, subp. 18.*

The most frequently reported primary disabilities of EE workers are mental retardation and mental illness, each more frequent than all other primary disabilities combined.

<sup>5</sup> Individual with a most severe disability; Minn. R. 3300.2005, subp. 22

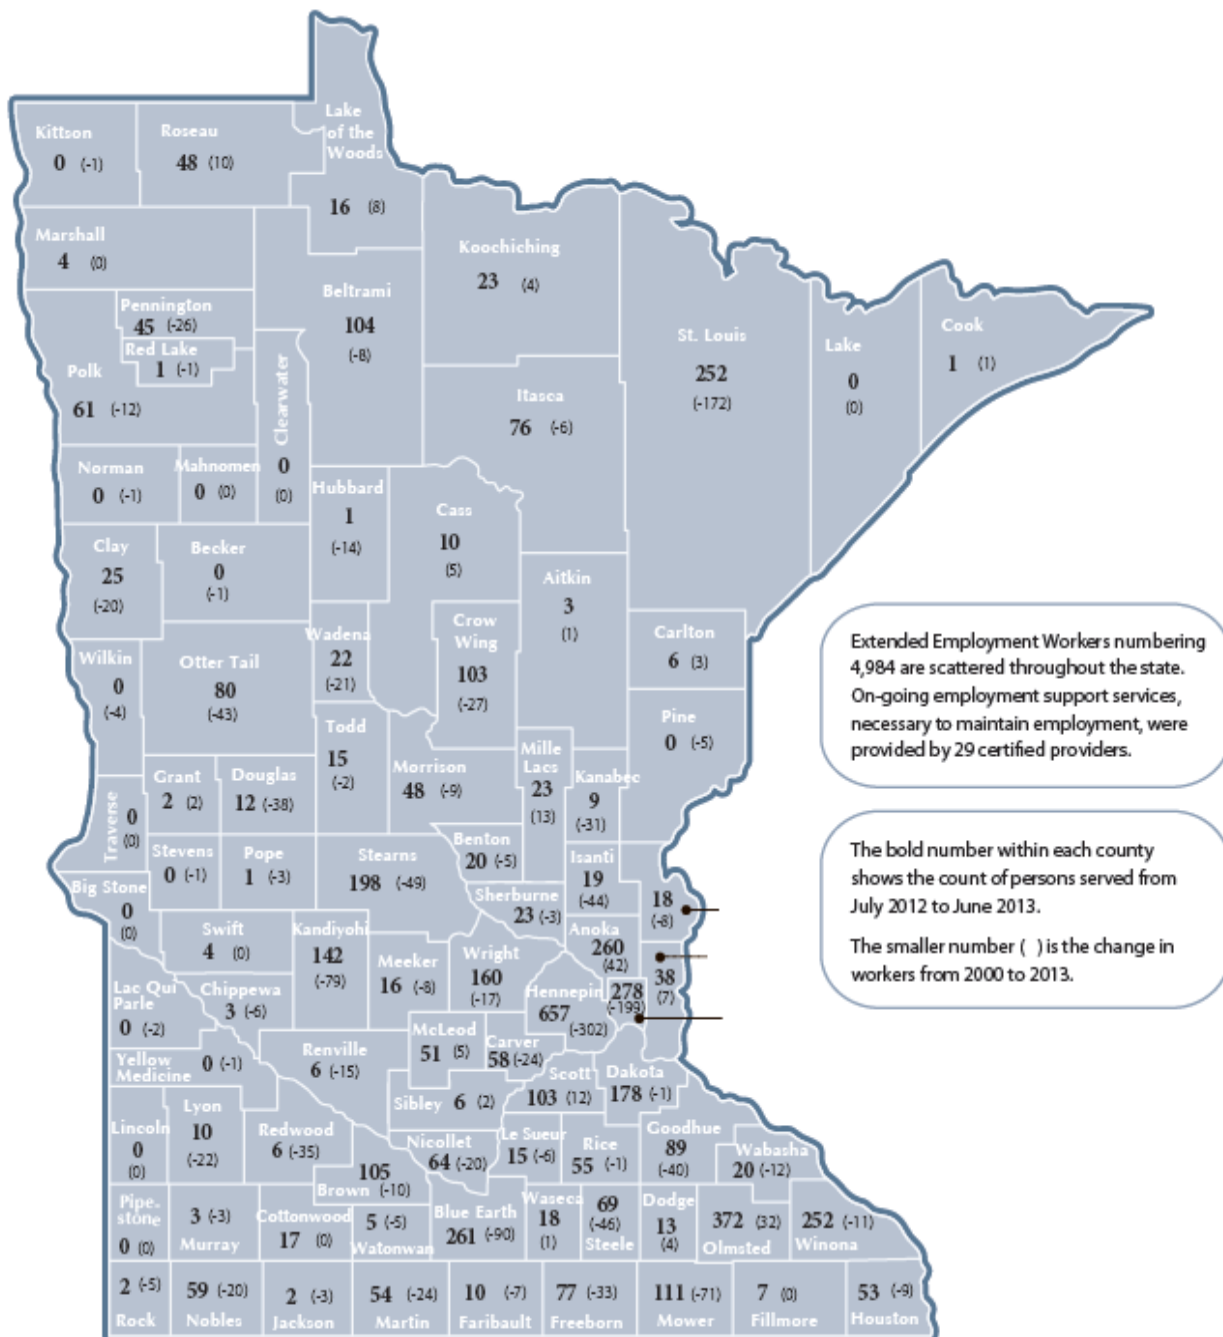

Although the number of workers with other disabilities is small by comparison, trends are noteworthy: Autism/Autism Spectrum, learning disabilities, and Attention-deficit disorders are on the rise, while persons with Traumatic Brain Injury, amputations and other orthopedic/neurological conditions decline.

## Extended Employment Workers by County

## Entrants and Referral Sources

Over the past thirteen years, entrants to Supported Employment have increased, on average, by 12%. Conversely, entrants to Community Employment and Center-based Employment have declined by 52% and 59%, respectively. For the purpose of this section, entrants are defined as persons not previously reported in any EE program.

Since 2000, the Vocational Rehabilitation program has been the primary referral source for is responsible for 49% of new EE entrants referred for supported employment (SE); counties and other public sources average 21%; schools 3%; other sources (self-referral, Social Security Administration, physician/medical institution, etc.) 11%; and 16% were not reported or reported as unknown by service providers.

Since 2000, VRS is responsible for 57% of new EE entrants referred for community employment (CE); counties and other public sources average 26%; schools 9%; other sources (self-referral, Social Security Administration, physician/medical institution, etc.) 10%; and 6% were not reported or reported as unknown by service providers.

VRS continues to refer the largest share of new EE entrants into the center-based employment (CBE) program, averaging 29% of all referrals since 2000; counties and other public sources average 27%; schools 11%; other sources (self-referral, Social Security Administration, physician/medical institution, etc.) 8%; and 12% were not reported or reported as unknown by service providers.

## Performance-based Funding System

The [program purpose](#) is “to provide the ongoing employment support services necessary to maintain and advance the employment of persons with severe disabilities....” Therefore, the primary measure of success is employment.

The unit of distribution of extended employment program funding is the payment for one work hour performed by an eligible worker and reported to the department in the extended employment program. *Minn. R. 3300.2035, subpart 1.*

**Work hours** means hours for which a workers performs paid work, including hours of paid holidays, paid sick, paid vacation, and other paid leave. A work hour is the basic funding unit for allocating extended employment program funds. *Minn. R. 3300.2005, subpart 37.*

**Extended employment provider** means a rehabilitation facility<sup>6</sup> certified by the commissioner under Minn. Rules 3300.2010 to provide center-based, community, or supported employment.

### Statewide Provider Reimbursement Rates

Extended Employment providers are reimbursed for each reported hour of work (performed by eligible participants) at the current statewide rate, up to contracted allocations.

State law requires, “Employment must encompass the broad range of employment choices available to all persons and promote an individual’s self-sufficiency and financial independence.” To this end, a statewide uniform rate<sup>7</sup> was established for each subprogram recognizing varying levels of consumer control, community integration, and the historical earning capacity by employment model.

From 1998-2014, the SE rate has increased 66%, or \$1.58 per hour. The CE rate has increased 61%, or \$1.29 per hour. And, the CBE rate has increased 57%, or \$.68 per hour. The following chart compares changes in these hourly provider reimbursement rates since the promulgation of the current administrative rules governing the program.

<sup>6</sup> Rehabilitation facility; Minn. R. 3300.2005, Subpart 34.

<sup>7</sup> Statewide uniform rates; Minn. R. 3300.2035, Subpart 6.

## ***Two Funds to Manage Resources***

The ***Community Support Fund*** (CSF) is used to manage the dollars allocated for ongoing employment support services provided to workers in community employment settings. Services funded support workers in the community employment and supported employment subprograms. For the year ending June 30, 2013 the Department established CSF contracts totaling \$9,292,079 with certified EE providers.

The ***Center Based Fund*** (CBF) is used to manage the dollars allocated for ongoing employment support services to workers performing paid work on premises owned or operated by an EE provider. For the year ending June 30, 2013 the Department established CBF contracts totaling \$2,243,920 with certified EE providers.

## ***Fund Distribution Method***

For each state fiscal year, the department determines the statewide allocation to each fund according to *Minnesota Rules, 3300.2035, subpart 7*:

From the state appropriation, the department reserves for the CSF an amount of dollars equal to the sum of the allocations for the starting point for all providers with contracts and making application for funding.

From the state appropriation, the department reserves from the CBF an amount of dollars equal to (a) the sum of the allocations for the starting point for all providers with contracts and making application, less (b) any allocation withheld resulting from the request for proposals process, multiplied by the statewide uniform rate for center-based employment. However, no statewide allocation of extended employment funds to the center-based fund shall exceed \$4,279,000, the funding allocation for center-based employment in state fiscal year 1997.

Adjustments to the statewide allocation may be made based on shifts of dollars from the center-based fund to the community support fund as requested by providers. Shifts will be adjusted at the starting point for each provider requesting shifts.

The remainder of the state appropriation will be subject to distribution according to the department's application and guidelines for funding.

## ***Wage Level Incentive Bonus***

All funds not paid out to providers as a result of underproduction and all funds repaid to the department by providers as the result of final audit adjustments must be used as a performance fund for extended employment providers whose workers' wages meet or exceed the federal minimum wage. The incentive fund must be distributed to each extended employment provider based on the proportionate share of hours of work where the statutory minimum or a higher wage was paid. The ratio is the provider's hours divided by the total hours meeting minimum wage reported by all extended employment providers. The incentives are calculated and paid separately for the center-based and the community support fund. [Minnesota Rules, 3300.2045]

See pages 36-38 for qualified hours in [supported employment](#), [community employment](#) and [center-based employment](#).

## Contracted Allocations

\$11,536,000 was appropriated for grant contracts, allocated to certified Extended Employment providers:

Provider	Community Support Fund		Center-based Fund		Total
	Base	New/Exp <sup>8</sup>	Base	New/Exp

<sup>8</sup> New or expanded programs (M. Rules, 3300.2030).

## ***New and Expanded Programs***

### **Requirements for New and Expanded Programs**

**Funding for new or expanded programs.** The department shall provide notice of the availability of funding for new or expanded programs through a request for proposals published in the State Register. The department shall make copies of the request for proposals available to a city, town, county, nonprofit corporation, state regional center, or combination thereof. Applicant organizations shall submit an application for a new extended employment program or for expansion of an existing extended employment program. The commissioner shall use the following criteria in reviewing applications for a new or expanded program:

- A. The need for the new or expanded program;
- B. The relationship of the new or expanded individual program to any current programs in terms of identified needs;
- C. The performance of current programs;
- D. The geographic distribution of the current programs and the new or expanded program in relationship to geographic needs;
- E. Efforts to foster innovation and promote state-of-the-art best practices in supported employment consistent with Minnesota Statutes, section 268A.15, subdivision 6; and
- F. The availability or funding for new or expanded programs.

**Department review of proposals.** The department shall base its decisions on proposals upon objective criteria and a review process that includes representatives of affected county social service agencies; the local vocational rehabilitation office, providers outside the affected service area, representation from racial and ethnic minorities, and advocacy organizations as defined in part 3300.2005, subpart 3.

**Exception to contracting procedures and adjustment of state grant funds for new or expanded programs.** New or expanded programs under this part may be exempt from the contracting procedures in part 3300.2035, subpart 4, item A, and the adjustment of state grant funds in part 3300.2035, subpart 8, for up to three years.

### **Notice of Request for Proposals**

January 7, 2013 the department published notice in the State Register and on the department's website:

"The purpose of this notice is to announce the availability of up to \$575,250 for new or expanded Extended Employment programs to target services to un-served and underserved Minnesotans with disabilities. Up to seven awards are projected, averaging \$80,866. Funding for the first year will be prorated for the three month period April 1 to June 30, 2013. Continuation funding may be anticipated on an annual basis (July – June) by application and dependent on the provider's performance and continuing progress toward earning contracted allocations through the new and expanded period, ending June 30, 2016.

The eligible employment options for funding under this notice are supported employment and community employment as defined in M. Rules 3300.2005, subparts 35 and 10, respectively, with a preference for supported employment. Persons to be served are Minnesotans who have a severe physical or mental impairment that results in serious limitations to employment in three or more functional areas as determined by a qualified healthcare

professional. There is a preference for serving persons with Autism Spectrum Disorder, Serious Mental Illness and/or Serious and Persistent Mental Illness. There is a preference for providing services to residents outside the seven-county metropolitan area.

Grant funding is available through a state appropriation under Minn. Stat. 268A.15, and administered in accordance with Minnesota Rules, 3300.2005 to 3300.2055.

The RFP and Application Form are necessary to submit a proposal. Both are attached to this email and are available by download from the following DEED webpage **COMPETITIVE CONTRACT OPPORTUNITIES**. Scroll down to select, 'Extended Employment Ongoing Support Grants'...."

Proposals were not accepted for consideration after 4:30 p.m. February 21, 2013.

## **Summary of Proposals**

The department received fourteen (14) proposals for approximately \$1.8 million, roughly three times the amount of funding available.

As described in the RFP, funds were designated for supported employment and community employment as defined in Minnesota Rules, 3300.2005. Preference was given to supported employment programs targeting Minnesotans with Autism Spectrum Disorder, Serious Mental Illness or Serious and Persistent Mental Illness, and residents outside the seven-county metropolitan area. Additional consideration was given to proposals that aimed for incomes above the poverty level and served ethnic or racial groups or persons with complicating factors, such as non-English speakers or persons with criminal records.

Proposals ranged from \$41,126 to \$506,520. All included supported employment projects, totaling \$1,788,696. There were three proposals for community employment, totaling \$57,335. The geographic distribution included nine (9) proposals exclusively outside the seven-county metro area, two (2) exclusively within the metro area, and three (3) proposed services in both metro and outstate areas.

## **Objective Criteria and Review Process**

**Criteria.** VRS approved the 2013 VRS Extended Employment Program Funding Priorities, September, 2012. The RFP identified the selection criteria based on VRS' funding priorities and Minnesota Rules, 3300.2030, subpart 1. A rating sheet was developed to ensure a uniform system for the evaluation of proposals.

**Review Group.** Dee Torgeson and Roland Root, regional area managers, served as the local VR program representatives. Jeff Bangsberg served as the advocate representative. Since the RFP targeted services to outstate Minnesota, it was impossible to identify a single county representative from the affected services area. So it was decided to select a county representative from the metro area who was unlikely to have a conflict of interest. Tim Hammond, Ramsey County contract manager, served as the county representative. Abbie Wells-Herzog and Claire Courtney served as the minority representatives for persons with autism and mental illness, respectively. Wendy Keller served as an EE program representative. Anita Kavitz served as an EE program representative and technical advisor to the group. John Sherman served as a member-at-large. External reviewers signed confidentiality agreements.

## 2013 Proposals Funded

The facilitated review group conducted the analysis of proposals and made recommendations to the VRS management team who selected the following eight (8) proposals and authorized grant awards. Grant contracts were effective April 1, 2013 except Lifeworks Services which was effective May 1, 2013. These grantees are entitled to three full years (thru June 30, 2016) to develop the program capacity described below.

<b><u>Goodwill/Easter Seals of MN</u></b> - \$80,968 to provide up to 21,420 hours of Supported Employment	
Persons served:	Approximately, 45 persons who have additional complicating factors, including: criminal records, non-English speaking, multiple diagnoses, transition-age youth, aging workers, etc.
Primary disability:	Autism spectrum (60%), and Serious Mental Illness or SPMI (40%)
County of residence:	Blue Earth, Chippewa, Kandiyohi, Le Sueur, McLeod, Meeker, Nicollet, Renville, and Swift
Referral source:	VRS (80%), and County Social Service agencies (20%)
<b><u>Functional Industries</u></b> - \$81,769 to provide up to 21,632 hours of Supported Employment	
Persons served:	Approximately, 13 persons who are not reported workers in the MN Extended Employment Program, of which some may also be transition-age
Primary disability:	Autism spectrum
County of residence:	Benton, McLeod, Meeker, Sherburne, Stearns, Wright
Referral source:	VRS
<b><u>Rise</u></b> - \$81,497 to provide up to 21,560 hours of Supported Employment	
Persons served:	Approximately, 35 persons who are not reported workers in the MN Extended Employment Program, where over 90% have criminal records
Primary disability:	Serious Mental Illness or SPMI (60%) and Chemical dependency, Autism, Physical (40%)
County of residence:	Benton, Sherburne, Stearns, Wright
Referral source:	VRS (60%), and Department of Corrections, County Social Service agencies, and Half-way houses (40%)
<b><u>Autism Works</u></b> - \$88,452 to provide up to 23,400 hours of Supported Employment	
Persons served:	Approximately, 18 Minnesotans with a most severe disability
Primary disability:	Autism spectrum
County of residence:	Kandiyohi
Referral source:	VRS

<b><u>Lifeworks Services</u></b> - \$68,947 to provide up to 18,240 hours of Supported Employment	
Persons served:	Approximately, 19 Minnesotans with a most severe disability
Primary disability:	Autism spectrum (80%), and Multiple diagnoses (20%)
County of residence:	Blue Earth, Brown, Nicollet, Sibley, Waseca, Watonwan
Referral source:	VRS (80%), and County Social Service agencies (20%)
<b><u>Resource</u></b> - \$33,022 to provide up to 8,736 hours of Supported Employment	
Persons served:	Approximately, 7 persons who are not reported workers in the MN Extended Employment Program
Primary disability:	Serious Mental Illness or SPMI (75%), and Autism, TBI, Learning Disability (25%)
County of residence:	Benton, Meeker, Morrison, Sherburne, Stearns, Wright
Referral source:	VRS (60%), and Mental Health Center (40%)
<b><u>Opportunity Services</u></b> - \$79,359 to provide up to 20,994 hours of Supported Employment	
Persons served:	Approximately, 17 persons who are not reported workers in the MN Extended Employment Program
Primary disability:	Autism spectrum (40%), and Serious Mental Illness or SPMI (60%)
County of residence:	Olmstead
Referral source:	VRS (75%), and County Social Service agencies and High schools (25%)
<b><u>Occupational Development Center</u></b> - \$61,236 to provide up to 16,200 hours of Supported Employment	
Persons served:	Approximately, 30 persons who are not reported workers in the MN Extended Employment Program
Primary disability:	Serious Mental Illness or SPMI (40%)
County of residence:	Pennington, Polk, Red Lake, Roseau
Referral source:	VRS

## Final Year of 2010-13 New Program Awards

In addition to the new and expanded programs resulting from the January 2013 request for proposals, the department continues to fund Hope Haven's new program, effective January 1, 2010. The grantee is entitled to three years (thru June 30, 2013) to develop the program capacity described below.

**Hope Haven** - \$113,926 to provide Community Employment and Supported Employment  
 - \$101,364 to provide up to 56,628 hours of Center-based Employment

Persons served: Approximately, 87 EE workers displaced as a result of the Mankato Rehabilitation Center's termination of operations in Worthington, MN

Primary disability: Developmental disabilities, Serious Mental Illness, etc.

County of residence: Nobles, Cottonwood, Jackson, Murray, Rock, Pipestone, Watonwan, and surrounding Minnesota counties

Referral source: VRS, County Social Service agencies, Schools, etc.

Hope Haven did not produce the work hours necessary to earn its contracted allocation from the [Community Support Fund](#) or the [Center-based Fund](#). Hope Haven under-produced by 21%, and 17%, in CSF and CBF respectively.

## SFY13 New and Expanded Allocations

Provider	Community Support Fund	Center-based Fund	Total
Autism Works	88,452	0	88,452
Functional Industries	81,769	0	81,769
Goodwill / Easter Seals	80,968	0	80,968
Hope Haven	113,241	100,755	213,996
Lifeworks Services	68,947	0	68,947
Occupational Development Center	61,236	0	61,236
Opportunity Services	79,359	0	79,359
Resource	33,022	0	33,022
Rise	81,497	0	81,497
Total (n=9)	\$ 688,491	\$ 100,755	\$ 789,246

## Center-based Funds Earned

Ten (10) of fifteen (15) providers earned their contracted allocations for state fiscal year 2013. Those providers were entitled to SFY14 contracts at SFY13 levels, and were eligible to apply for new/expanded funds, if the total underproduction reached 1% of the CBF allocation and the Department issued a Request-for-proposals (RFP) for Center-based Employment in state fiscal year 2014. No RFP was issued.

Under-production was 2.7% of contracted CBE funds, contributing \$59,721 to the CBF Wage Incentive bonus to be distributed to providers based on their proportionate share of the highest wages earned by workers, at or above minimum, from July 1, 2011 through June 30, 2013.

Providers	Accepted CBE Hours <sup>9</sup>	Value of Accepted Hours <sup>10</sup>	CBF Contracted Allocation	+/- Contract	
				Dollars	Percent
Mankato Rehabilitation Center	391,208	700,262	577,710	122,552	21%
Productive Alternatives	114,384	204,748	120,947	83,801	69%
Goodwill Industries Vocational Enterprises	150,980	270,254	190,571	79,683	42%
Ability Building Center	139,131	249,044	225,438	23,606	10%
Rise	44,155	79,037	74,768	4,269	6%
Functional Industries	54,057	96,762	94,179	2,583	3%
Occupational Development Center	143,981	257,725	255,378	2,347	1%
Midwest Special Service	9,024	16,153	15,064	1,089	7%
WACOSA	2,973	5,322	5,295	27	1%
ProAct	67,669	121,127	121,205	(78)	-.1%
Winona ORC	50,281	90,003	96,613	(6,610)	-7%
AccessAbility	21,220	37,983	45,011	(7,028)	-16%
West Central Industries	59,051	105,701	118,341	(12,640)	-11%
Cedar Valley Services	104,079	186,301	202,645	(16,344)	-8%
Hope Haven (New/Expanded)	46,778	83,733	100,755	(17,022)	-17%
Total (n=15)	\$1,398,971	\$2,504,155	\$2,243,920	\$260,235	
Under-production				(59,721)	2.7%

<sup>9</sup> "Accepted hours" is the provider's reported hours less variances that resulted from non-compliance with audit criterion.

<sup>10</sup> "Value of Accepted Hours" is accepted hours multiplied by the statewide uniform rate for CBE.

## Community Support Funds Earned

Eighteen (18) providers earned contracted allocations, one (1) came within 5%. Those were entitled to SFY14 contracts at SFY13 levels and were eligible to apply for new/expanded funds, if the total underproduction reached 1% of the CSF allocation and a Request-for-proposals was issued. None was.

Under-production was 9% of contracted CSF allocations, contributing \$836,970 to the CSF Wage Incentive bonus to be distributed to providers based on their proportionate share of the highest wages earned by workers, at or above minimum, from July 1, 2012 through June 30, 2013.

Providers	Accepted Hours		Value of Accepted Hours	CSF Contract	+/- Contract

Total (n = 29)	1,590,566	992,951	\$9,229,510	\$9,292,079	(\$62,569)	
Under-production					(836,970)	-9%

## New and Expanded Community Support Funds Earned

Nine (9) providers did not earned contracted allocations for their New/Expanded programs. However, eight (8) of the programs received grant awards in April/May 2013 and are exempted from the contract starting point rule (the lesser of contract or production) until SFY2017. Hope Haven's New/Expanded program ended June 30, 2013.

Under-production from the New/Expanded programs contributed \$595,265 or 71% of the total CSF Wage Incentive bonus to be distributed in SFY14 to providers based on their proportionate share of the highest wages earned by workers, at or above minimum, from July 1, 2012 through June 30, 2013.

Provider (N/E Program Period)	Accepted Hours <sup>11</sup>		Value of Accepted Hours <sup>12</sup>	CSF Contract	+/- Contract	
	SE	CE			Dollars	Percent
<b>Hope Haven</b> (January 1, 2010 - June 30, 2013)	5,144	21,577	89,352	113,241	(23,889)	-21%

<b>Rise</b> (April 1, 2013 - June 30, 2016)	33	0	126	81,497	(81,371)	-100%
<b>Total (n = 9)</b>	<b>6,169</b>	<b>21,577</b>	<b>\$93,226</b>	<b>\$688,491</b>	<b>(\$595,265)</b>	<b>87%</b>

<sup>11</sup> "Accepted hours" is the provider's reported hours less variances that resulted from non-compliance with audit criterion.

<sup>12</sup> "Value of Accepted Hours" is accepted hours multiplied by the statewide uniform rates for SE and CE.

## Program Trends and Analysis

### Hourly Wages and Annual Incomes of Workers

The tables compare the most widely accepted outcome of employment, personal income, and how it has changed over the past fourteen years for the average EE worker in different employment settings.

## Wage History by Prevalent Disability Group and Employment Model

The first table displays the difference between average hourly wages earned in Extended Employment (SE, CE, and CBE) by persons reported to have a mental illness or mental retardation/developmental disability. Although earnings have increased for both groups, the rate of increase is significantly greater for persons with a mental illness diagnosis.

**Average Wage by the Most Prevalent Disability Groups**

The table demonstrates, regardless of disability, persons employed in supported employment earn significantly higher wages than persons in less integrated employment models.

**Average Wage by Disability & Employment Model**

## Workers, Hours and Wage Comparisons

Provider-reported data, collected since the implementation of the EE performance-based funding system provides a unique perspective of program trends over time.

**Total** is an unduplicated count. The program is down 1,478 workers (23%) since 1999.

**CBE** is down 42% (1,834 workers)

**CE** is down 36% (1,243 workers)

**SE** is the only model to show growth at 31% (601 additional workers since 1999).

**SE** workers benefit from increasing incomes, despite relatively stable numbers of workers and work hours.

**CBE** wages appear least recession-proof. In 2008 workers lost \$1.7 million wages (22%), markedly dis-proportionate to the 5% reduction in workers and 11% in work hours.

**CE** wages appear positively affected by a recessionary economy.

## Work Hours by Employment Model

The change in work hours is relatively consistent with the change in workers.

The largest change occurring in CBE, down 1.5 million hours (51.5%) since 1999.

## Average Annual Work Hours per Worker

ALL is the unduplicated number of hours across all settings.

The average annual work hours have dropped by 40 hours (9%) since 1999.

The average EE worker is employed less than half-time (800 hrs/yr) in ALL settings.

## Supported Employment – Persons Served by Primary Disability

Over the last 15 years, the average share of workers served with a mental retardation disability, by severity is: Mild 82%, Moderate 16%, and Severe 2%.

Over the last 15 years, the average share of workers served with a mental illness disability, categorized by prevalence, is: Schizophrenia 33%, Depressive 27%, Bipolar/cyclothymic 12%, and others 28%.

## Community Employment – Persons Served by Primary Disability

Over the last 15 years, the average share of workers served with a mental retardation disability, by severity is: Mild 72%, Moderate 25%, and Severe 3%.

Workers with a diagnosis of Schizophrenia, served in community employment, have declined by 50% over the last 15 years. Other MI disability populations have remained relatively stable in this program.

## Center-based Employment – Persons Served by Primary Disability

Over the last 15 years, the average share of workers served with a mental retardation disability, by severity is: Mild 68%, Moderate 27%, and Severe 5%.

Workers with a diagnosis of Schizophrenia, served in community employment, have declined by 50% over the last 15 years. Other psychotic disorders have declined by 60%; others are relatively stable.

## Changes in Key Factors

### Supported Employment

### Community Employment

### Center-base Employment

## 1999 – 2013 Cost-Benefit Comparison

The charts use the annual summary data on the next page to compare costs and benefits of services in community-based and center-based work settings.

*Income/Worker* is annual wages earned by program participants divided by the number of participants, resulting in the average annual income from work... a benefit of the program.

*Cost/Worker* is the total annual program allocations divided by participants.

The personal income of workers in community-based settings is significantly greater than the benefits to workers in center-based employment. It also appears to offer a greater return on public dollars and a steadily increasing positive trend.

## Historical Cost-Benefit Data

Community Support Fund							
Year	Workers	Hours	Wages	EE Grants	Cost Per Worker	Income per Worker	ROI

## Systems Change

The department supports system change efforts to maximize employment in the most integrated settings while respecting the informed choice of persons served in center-based programs.

Analysis of reported data ([pages 22-24](#)) suggests the strongest predictor of wage is the work setting – the highest wages correlate to work in supported employment and reflect the strongest cohesion with the program purpose: *to promote individuals' self-sufficiency and financial independence*. For a comparison of supported employment utilization across service providers see [page 35](#).

In 2013, approximately eighty-one percent (81%) of the grant funds were allocated to support workers in community-based jobs. Although the total grant funds have grown by less than \$2.6 million over the last 26 years, the share allocated to support workers in community settings has increased more than \$7.3 million.

The primary cause of the system change is twofold: (a) voluntary decisions by providers to shift allocated funds out of services for persons in facility-based work in order to expand their capacity in community-based supports, and (b) the department's long-term policy of moving unearned center-based employment funds into the Community Support Fund to provide supports to persons in community-based job settings.

The table on the next page provides the history of funds allocated between the center-based and community support funds since 1987.

## Fund Allocation History

Allocations to support work in center-based and community-based settings are displayed below with emphasis on the percent of the funds dedicated to work in community settings and the annual change in funds available to support work in the community.

SFY	Center-Based Fund	Community Support Fund	Total	Community Support Fund Analysis	
				Percent	Changed Dollars
1987	\$ 6,992,808	\$ 1,960,752	\$ 8,953,560	22%	
1988	6,845,630	2,281,978	9,127,608	25%	\$ 321,226

## Provider Utilization of Grant Funds for Supported Employment

Twenty-seven (27) providers reported 2,535 supported employees worked more than 1.5 million hours, earning more than \$15.8 million wages in SFY13. The table is sorted by providers that have earned the largest share of their contracted allocation through the provision of supported employment services.

<sup>14</sup> Value of SE Hours = SE Work Hours multiplied by the statewide SE uniform rate of \$3.78

<sup>15</sup> When the percent exceeds 100%, hours were reported in excess of the contract - the provider is not paid for excess hours.

# SFY13 Comparative Outcomes for Persons Served

## ***Supported Employment - Work Hours Paid at Minimum Wage or Above***

Income is a fundamental measure of employment. The table ranks providers according to their share of qualified hours, paid at or above \$7.25 per hour. Providers reporting the greatest number of qualifying hours are listed first. The last column contains reported hours paid below the State's lowest minimum wage. Minnesota's minimum wages are \$6.15 for large employers and \$5.25 for small employers (above, or below \$625,000 in annual receipts, respectively.) VRS should schedule monitoring visits early in SFY2014 to resolve further reporting discrepancies and consider developing appropriate data entry filters to prevent hours earned at subminimum wages from being erroneously reported as [supported employment](#).

The appropriation for SFY14 did not include prior years' \$125,000 to be distributed as the [Wage Level Incentive](#) bonus to providers where workers' hours are earned at or above the Federal minimum wage.

## Community Employment - Work Hours Paid at Minimum Wage or Above

Income is a fundamental measure of employment, the table ranks providers according to the number of qualified hours – those paid at or above the Federal minimum wage of \$7.25 per hour. Providers reporting the greatest number of qualifying hours are listed first. 306,980 hours, or 31%, of the Community Employment (CE) hours reported were paid at or above the Federal minimum wage.

Minnesota's minimum wage is \$6.15 for large employers and \$5.25 for small employers (distinguished by annual receipts at least, or below \$625,000, respectively.) 565,045 CE hours were reported paid at or above \$5.25 per hour, or 57% of all reported CE hours.

The last two columns display the CE hours reported paid at subminimum wages, and percent of the provider's total hours paid. More than 430,000 work hours of persons served in the Community Employment subprogram were paid subminimum wages; 43% of all Community Employment work.

Occupational Development Center is the clear leader, reporting 75,486 hours of work paid at or above the Federal minimum wage, or 88% of the hours reported by ODC to the Community Employment subprogram, and nearly 25% of the total hours paid above the Federal minimum wage by all 22 providers during the year.

## Center-based Employment - Work Hours Paid at Minimum Wage or Above

Income is a fundamental measure of employment, the table ranks providers according to the number of qualified hours – those paid at or above the Federal minimum wage of \$7.25 per hour. Providers reporting the greatest number of qualifying hours are listed first. 184,210 hours, or 13%, of the Center-based Employment (CBE) hours reported were paid at or above the Federal minimum wage.

Minnesota's minimum wage is \$6.15 for large employers and \$5.25 for small employers (distinguished by annual receipts at least, or below \$625,000, respectively.) 407,856 CBE hours were reported paid at or above \$5.25 per hour, or 29% of all reported CBE hours.

The second to last column contains the CBE hours reported paid at subminimum wages by each provider. The last column contains the percent of hours paid at subminimum wages by each provider.

Goodwill Industries Vocational Enterprises (GIVE) is the clear leader, reporting 56,581 hours of work paid at or above the Federal minimum wage, or 37% of the provider's CBE hours reported, and more than 30% of the total CBE hours paid above the Federal minimum wage by all providers. Additionally, only 3% of GIVE's reported hours were paid below Minnesota's minimum wage compared to a system average of 71%.

# SFY13 Compliance Examination Results

## Provider Management Assertions

State Fiscal Year 2013, providers assert compliance with the Extended Employment Program criterion or noted those not applicable to the organization:

- Criterion 1: Workers have worked the hours reported, and earned the wages reported, by the provider for the reimbursement paid by the DEED as shown on the DEED *Listing of Reported Participants and Relevant Data*.
- Criterion 2: Reported workers have been paid appropriate hourly rates.
- Criterion 3: Workers in Supported Employment and Affirmative Business Enterprise Employment perform their work in integrated settings.
- Criterion 4: When the provider is the payroll agent, workers in center-based, community, and supported employment (a) receive fundamental personnel benefits proportionate to the full-time nonexempt staff, and (b) no EE worker earns less than the minimum annual accrual of 5 days paid vacation, 5 days paid sick leave, and 5 paid holidays, or 10 days paid flexible leave and 5 paid holidays. Workers in affirmative business enterprise employment are subject to the same benefit package as all other nondisabled employees of the provider.

[The following providers assert this criterion is not applicable to their organization\(s\):](#)

**Courage Center, Goodwill/Easter Seals, Hennepin County Vocational Service Program, Kaposia, Lifetrack, Resource.**

- Criterion 5: Workers participating in Extended Employment and Medical Assistance (MA) funded programs (such as Day Training and Habilitation; Home and Community-Based Services for Persons with Developmental Disabilities; Community Alternatives for Disabled Individuals; Brain Injury; Adult Rehabilitative Mental Health Services; etc.) are receiving separate services, and no duplicate funding is received by the provider.

[The following providers assert this criterion is not applicable to their organization\(s\):](#)

**AccessAbility, Courage Center, Goodwill Industries Vocational Enterprises, Hennepin County Vocational Service Program, KCQ, Lifetrack, Resource, Service Enterprises, The Rising Phoenix, Winona ORC.**

- Criterion 6: Workers are persons with a most severe disability, who have 3 or more functional limitations affecting employment, and who require ongoing employment support services

to maintain and advance in employment.

- Criterion 7: Workers have a current Extended Employment Support Plan developed with the informed consent of the worker.
- Criterion 8: The worker's Extended Employment Support Plan identifies the ongoing employment support services necessary for the worker to maintain and advance in employment.
- Criterion 9: The ongoing employment support services provided to the worker are consistent with the services identified in the Extended Employment Support Plan.
- Criterion 10: Workers receive a minimum of two in-person contacts per month in the delivery of ongoing employment support services.
- Criterion 11: The provider earned its Center-based Employment Fund allocation based on reported hours during the current state fiscal year.

[The following providers assert this criterion is not applicable to their organization\(s\):](#)

**Courage Center, Goodwill/Easter Seals, Hennepin County Vocational Service Program, Jewish Family and Children's Services of Minneapolis, KCQ, Kaposia, Lifetrack, Opportunity Partners, Opportunity Services, Resource, Service Enterprises, Tasks Unlimited Janitorial Services, The Rising Phoenix.**

- Criterion 12: The provider earned its Community Support Fund allocation based on reported hours in the current state fiscal year.

## Independent Accountant's Report

The sample opinion below is the preferred report sample for reports with nonmaterial findings. Auditors are directed to AICPA Professional Standards, Attestation Standards, Compliance Attestation, Examination Engagement for detailed guidance and other reporting variations including reports without findings and material findings:

*We have examined management's assertions included in the accompanying report that (name of entity) complied with the Minnesota Department of Employment and Economic Development 12 Extended Employment Compliance Examination Standards Criterion (dated) except for the noncompliance described in the third paragraph for the year ended June 30, 2013. Management is responsible for (name of entity)'s compliance with those requirements. Our responsibility is to express an opinion on (name of entity)'s compliance based on our examination.*

*Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about (name of entity)'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on (name of entity)'s compliance with specified requirements.*

*Our examination disclosed the following noncompliance with the requirements referred to above, applicable to (name of entity) during the year ended June 30, 2013, which are described in the accompanying (list names of schedules).*

*In our opinion, management's assertions referred to above is fairly stated, in all material respects, with the aforementioned requirements for the year ended June 30, 2013.*

*This report is intended solely for the information and use of (list specified parties) Minnesota Department of Employment and Economic Development and is not intended to be and should not be used by anyone other than these specified parties.*

*[Signature]*

*[Date]*

## Efficiency Measures

**Timeliness of Examination Report.** Most audit reports (23 of 28) were received by the October 31, 2013 deadline. The following were received later.

Provider	Date
Allina Health System for Courage Center	November 7
Hope Haven	November 1
Jewish Family and Childrens Services of Minneapolis	November 5
ProAct	November 5
Resource	November 19

**Timeliness of Department's Review.** Audit reports were reviewed on average within 11 days of receipt, ranging from 0 to 26 days. Reports were accepted on average within 25 days.

**Completeness of Examination Reports.** Action was required by the following providers before the Department could accept the examination reports:

Provider	Days to Accept
Ability Building Center	77 days
AccessAbility	80 days
Allina Health System (for Courage Center)	32 days
KCQ	31 days
Mankato Rehabilitation Center	54 days
Opportunity Services	98 days
ProAct	49 days
Tasks Unlimited Building Services	34 days
WACOSA	33 days

**Timeliness of Notice of Reconciliation.** Reconciliation notices are usually issued the day the audit is approved, the exceptions were: Ability Building Center (7 days), AccessAbility (6 days), Jewish Family and Childrens Services of Minneapolis (6 days), Lifetrack (5 days), Occupational Development Center (7 days), Opportunity Services (8 days), Service Enterprises (5 days), West Central Industries (7 days), and Winona ORC (7 days).

**Timely Second-level Review.** This is not applicable as no second-level reviews were conducted.

**Timely Resolution of Appeals.** This is not applicable as there were no appeals.

## Effectiveness Measures

**Compliance with Program Criteria.** The following twenty (20) audit reports contained unqualified opinions with no questioned hours. The remaining reports were qualified by 8,057 questioned hours, or two-hundredths (.002) of the 3,981,640 work hours reported during the state fiscal year. Therefore, if the audit standards reflect the most relevant and desirable criteria from the EE Rules and the testing procedures are effective tools for determining compliance, it is reasonable to conclude: *Minnesota's network of EE providers operate programs in significant accordance with the Extended Employment Program Rules*, Chapter 3300.2005 -3300.2055.

Ability Building Center	Kaposia (subcontractor of Opportunity Partners)
AccessAbility	Mankato Rehabilitation Center
Allina Health System (Courage Center)	Midwest Special Services
Cedar Valley Services	Opportunity Partners
Functional Industries	Resource
Goodwill/Easter Seals of MN	Rise
Goodwill Industries Vocational Enterprise	Service Enterprises
Hope Haven	Tasks Unlimited Building Services
Hennepin County Vocational Service Program	WACOSA
Jewish Family/Childrens Services of Minneapolis	West Central Industries

**Corrective Action.** In most cases audits were accepted as submitted, with the exceptions noted below. The effectiveness of this measure is determined by the need for a second-level review. Since all issues were resolved without additional review, the corrective action is considered appropriate.

Provider	Issue/Corrective Action
<i>Independent Accountant's Report</i>	
ProAct	Accountant's report gave unqualified opinion, with variances. Provider notified.
<i>Management's Assertion Letter</i>	
Ability Building Center Hope Haven Tasks Unlimited Building Center	Missing signature of CEO and/or board member not involved in daily operations. Signature obtained.
Cedar Valley Services Occupational Development Center Resource	Contracted allocations misreported. Corrected.
Occupational Development Center Resource Rise	New/expanded allocation missing or misreported.

Ability Building Center	Changed language of Criterion #3 to address confusion between SE and ABE parts. Revised.
<i>Schedule of Questioned Hours &amp; Wages</i>	
Cedar Valley Services Mankato Rehabilitation Center WACOSA	Sample size was not reported for each subprogram. Obtained.
Cedar Valley Services Mankato Rehabilitation Center	Questionable sample sizes to support projections. Audit Standards Workgroup to review for SFY14.
Service Enterprises	No sample of SE hours.
Opportunity Services	Not submitted for New/Expanded variances.
Occupational Development Center	Negative and positive variances were reversed. Re-issued.
<i>CS/CBE Fund Reconciliation</i>	
Ability Building Center	Error rates reported at zero, however significant variances reported on the Schedule of Questioned Hours and Wages. Auditor provided rationale for discrepancy.
Cedar Valley Services Opportunity Services Resource	The contracted allocation reported in error. Changed to actual allocation.
Functional Industries Occupational Development Center Opportunity Services Resources Rise	New/expanded allocation misreported or not reported.
Allina (for Courage Center) Goodwill Industries Vocational Enterprises Hennepin County Vocational Services Program Lifetrack Opportunity Services Resource	The amount of reimbursement was in error, and was changed to reflect DEED's accounting records.
Opportunity Services Resource	New/Expanded hours misreported or not reported.
Lifetrack Occupational Development Center WACOSA	Variances were not equal to those reported on the Schedule of Questioned Hours and Wages, and were changed to be equal.

AccessAbility	DEED's Listing of Reported Hours and Wages was reported in error causing a variance of 60.75 hours between CE and CBE hours due to changes made to the database by VRS staff.
Allina (for Courage Center) ProAct	Positive variances not credited due to late report.
	Negative and positive variances were reversed. Re-issued.
<b>Audit Procedures Checklist</b>	
AccessAbility Allina (for Courage Center) Cedar Valley Services Lifetrack Opportunity Services ProAct Tasks Unlimited WACOSA	Attested to delivery of outcome measurement report, but not initially received. Requested and received.
Ability Building Center	Use form from prior year, missing requirement to send organization's outcome measurement report. Report requested and received.
Ability Building Center ProAct	No response to variances. Requested and received.
Ability Building Center Hope Haven Tasks Unlimited	Missing signature of CEO or board member not involved in daily operations. Obtained.

## Hours, Auditors' Samples and Error Rates – Supported Employment

Errors reported on base allocations were reported at insignificant levels. New and Expanded programs are reported separately.
